MS. PAC-MAN BATTLES TO SAVE THE FOUR WONDERS

The four Wonders of Pac-Land are mystical regions separated from everything else in Pac-Land by strange force fields. In each land resides one of the four Gems of Virtue: Generosity, Truth, Wisdom and Courage. Without them, darkness and chaos would fall on Pac-Land. Someone has invaded the Enchanted Castle and turned it into a ghost-ridden haunted house. Worst of all, the Princess has vanished without a trace.

Professor Pac, Pac-Land's resident genius, believes that someone has used dark magic to invade the Enchanted Castle, and is plotting to attack the rest of the four Wonders. Today, he is showing Ms. Pac-Man an intriguing invention called a Pactorimeter. With this amazing device, someone could pass through the force fields into any of the four Wonders.

As Professor Pac proudly presents the Pactorimeter to Ms. Pac-Man, the mirror in his lab suddenly comes alive with ghostly apparitions. They begin dragging the professor right into the mirror. With a mighty effort he tosses the Pactorimeter to Ms. Pac-Man and yells to her, "Save Pac-Land!! Go! Go get the Gems!!"

HEALTH METER

The Health Meter represents one of Ms. Pac-Man’s lives. When an enemy attacks or she runs into one, she takes damage and loses some health. If the color drains completely from the meter she loses one life and restarts at the last checkpoint.

LIVES REMAINING

Ms. Pac-Man begins the game with three lives. The game is over when Ms. Pac-Man loses all her lives.

Gain a life:
- Every time your score increases by 10,000 points.
- By finding an Extra Life Power-up.
**PAC-DOT RADAR**
When there are Pac-Dots to munch, the Pac-Dot radar appears. The yellow dots are the Pac-Dot positions. The arrow points in the direction Ms. Pac-Man is travelling. In the example shown, there is a Pac-Dot to the North and also one to the West of Ms. Pac-Man. The arrow means that Ms. Pac-Man is facing East.

**SCORE**
Total points earned for the Stage.

**PAC-DOTS COLLECTED / TOTAL FOR STAGE**
The number on the left is the number collected so far. The number on the right is the total for this Stage. Remember: There are secret areas that may have Pac-Dots in them.

**FRUIT**
Each piece of Fruit Ms. Pac-Man finds is displayed across the bottom of the screen. Collect all the fruit in one Stage and win a Gold Star.

**KEYS**
Any colored keys found in the mazes will be displayed in the lower left corner of the game screen. Use these colored keys to open colored doors.

**THINGS YOU’LL FIND ALONG THE WAY**

**PAC-DOT**
Chomp up every Pac-Dot. They’re worth 10 points each and they open Pac-Dot Doors to important places. Get every Pac-Dot in a Stage of the game to receive a Gold Star.

**POWER PELLET**
Power Pellets look like big glowing Pac-Dots. They give Ms. Pac-Man the power to chomp her enemies and score points each time she munches an enemy. As soon as she is Power Pellet charged, her enemies turn the color blue and start running for their lives.

**FRUIT**
Hidden throughout each Stage are seven fruit. Get all seven fruit in a Stage and win a Gold Star.

**EXTRA LIFE**
Ms. Pac-Man begins the game with three lives, not a lot for these dangerous mazes. Collect these to increase your current total number of lives.
RED HEALTH HEART
Partially restores health.

GOLD HEALTH HEART
Collect these to increase your maximum Health Meter.

PAC-DOT DOOR
Pac-Dot Doors must be unlocked with a certain number of Pac-Dots. When a Pac-Dot Door is closed, the number of Pac-Dots you need to open it appears on-screen above the door. Check to see how many you already have and go get more if you need them.

MOVEABLE BLOCKS
Push moveable blocks around and use them to solve puzzles and get to new areas in a maze. To push a block, just move Ms. Pac-Man up to it and press the Directional Button. Ice blocks are useful too, but slide a lot farther than moveable blocks. Blocks can also be used to fill in pits that block your way.

TNT BOX
Push TNT boxes next to things you want to blow up. Once you touch a TNT box, its timed fuse starts counting down, then KABOOM! A countdown timer appears over the TNT box to let you know how long until the TNT box explodes. Make sure Ms. Pac-Man is out of the blast area when the TNT box explodes.

NITRO BOX
The skull and crossbones are a warning. If Ms. Pac-Man pushes one of these, it explodes instantly, and Ms. Pac-Man will lose a life.

RESET TOKENS
These appear as soon as Ms. Pac-Man moves a block, TNT box, or walks across collapsing floors. Walking into a reset token puts moveable blocks, exploded TNT boxes, and floors back in their original positions. Be careful though, once a block has been pushed into a pit, that block can no longer be reset.

KEYS
Locked doors sometimes block the way. Find a key to open the door of the same color as the key. For example, a red key opens a red door.
MAZE CHECKPOINTS
If you lose a life, you will re-enter the game at the last checkpoint reached (as long as you have at least one more life).

GOLD STARS
Win Gold Stars to be able to enter the Bonus Rounds and Secret Stages.

You win a Gold Star when you:
- Complete a Stage the first time.
- Get all the Pac-Dots in a Stage.
- Collect all seven Fruit in a Stage.
- Finish the Stage within the time limit during Time Trial mode.

PROFESSOR PAC
The professor's hologram will show up early in the game to give you tips on traveling through the mazes. To read what he has to say, just press the A Button, or press the Directional Button to move through the dialog boxes.
